

Bags Designer

Are you a passionate designer ready to shape the future of iconic bags? Do you thrive on innovative design solutions and possess strong technical expertise in bags construction and materials? Then you are the Bags Designer we are looking for at our headquarters in Aarhus, Denmark.

The Role

As our Bags Designer, your primary focus will be on designing and developing innovative and commercially appealing bags and small goods items. You will support on the creative process from initial concept through to final execution.

Key Responsibilities

- Design and development of creative solutions and concepts within the bags category.
- Create and improve seasonal bags products, ensuring they align with the brand profile and product strategy.
- Conduct trend research and apply customer insights to inform design decisions.
- Produce detailed sketches, fabric and trim specifications, and product descriptions for internal and external presentations.
- Collaborate closely with the design team and other departments to ensure a seamless product development process.
- Travel to visit suppliers, manufacturers, showrooms, and participate in key account meetings as needed.

Who you are

We are seeking a proactive, positive, and collaborative team player who thrives in a dynamic environment. You should have a high level of creativity, a keen eye for detail, and strong skills in both 2D (sketching) and 3D (mocking up samples or details).

We also expect that you have:

- Minimum of 3 years of practical experience in a design environment, **specifically working on bags design**.
- Technical knowledge of bags construction, materials, trims, and details.
- Proficient in design software, including Adobe Illustrator, Photoshop and Indesign.
- Skill on 3D design software like CLO3D or similar is a plus.
- Strong research skills and a good understanding of market trends and customer needs.
- Ability to manage your own creative process and execute designs within given parameters.
- Experience with travel for supplier visits and other business needs is essential.
- Previous work with a PLM system is a plus.

What We Offer

You can look forward to playing a significant role within the multilingual Design and Product Development team, consisting of 11 individuals, who are responsible for the ongoing creation and development of all Rains products.

Furthermore, we offer you the opportunity to join a fast-growing, agile, international company in Aarhus N, Denmark, where you will meet a social, dynamic, and committed team. Your workday will be in a fast-paced environment, where you will have a high level of responsibility and the opportunity to work individually and as part of a closely-knit team.

The Rains culture is living every day when we perform our jobs and are social with each other outside of our work. Our employees matter to us and therefore we offer numerous employee benefits, including a lovely canteen, staff discounts, fitness facilities, pension, and health insurance. The workplace will be at our new headquarters in Lisbjerg, Aarhus N, Denmark, which will be ready for occupancy in November.

You will report to the Lead Designer, Bags and Accessories. The position is full-time.
